

How not to make a Discord bot

Bottom text

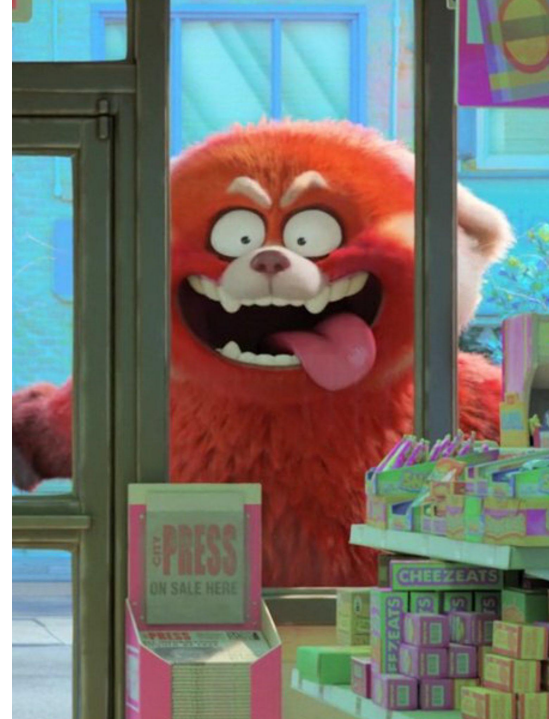

Have too much homework to do

I'm still not done my homework but I made something for the hackathon and still got a good 8 hours of sleep. So who really won the best prize? (It was me.)

Not have a team

Proof is left as an exercise to the reader

In conclusion...

This was fun even though I didn't try that hard. Some reflections include the desire to seriously participate in TartanHacks 2024 and be able to create a genuinely good product (I'm manifesting)
